

9 February 1968

DD/S&T Staff Meeting
Thursday, 8 Feb 1968

1. ADD/S&T noted that a meeting was scheduled for 0900, 14 February, in the S&T conference room involving SAC and DIA. SAC will discuss their views of the [] system, particularly from the viewpoint of how this affects U.S. targeting.

25X1A

2. ADD discussed a memorandum from the Benefits and Services Division, Office of Personnel, concerning the need for additional funds for the Educational Aid Fund. He reviewed the statistics of the past three years.

3. ADD discussed the composition of the current Mid-career Course.

25X1A

4. [] noted a change in the schedule for Project 8. He discussed the status of the [] program. ADD said that this will be organized, hopefully, as a single office program concept, and [] commented on the possibility of OCS monitoring the software package.

25X1A

25X1A

5. Brandwein announced that [] had telescoped the GMAIC working groups from ten to eight. Resulting changes in CIA representation on the groups were under discussion.

25X1A

6. [] noted that a rash of contractors were offering their services. He would sort out these offers and distribute them to the appropriate offices. He asked that the offices then let him know their particular interests.

25X1A

25X1A

7. [] discussed the status of a NSA project on the development of small, compact receivers designed essentially for attaché use. NSA's desire for CIA participation, particularly a commitment to buy in 1971, may cause problems.

25X1A

8. [] noted an upcoming lawsuit against the Navy by Martin on the [] concept.

25X1A

9. Parangosky briefed on parachute problems resulting from lack of quality control. He felt that the Agency had

already taken the proper precautionary actions.

25X1 10. [] said that his meeting with [] on the
25X1 [] had been friendly and that [] was optimistic
25X1 about handling the problem in the 90 days allotted. []
[] had asked for an OCS briefing for the ONE Board.

25X1 11. Chapman said that [] had received
25X1 his [] briefing that morning and, also, was briefed
or. []

25X1 12. ADD said that with regard to the proposed monthly
briefing for [] et al, we have agreed on the com-
position but not the time. We are now looking for the best
day of the week. He asked the offices for recommendations.

25X1 13. Chamberlain said that he had accumulated some
suggestions for briefing topics for [] and that he will
submit them to the ADD.

25X1 14. The ADD said that [] was taking care of
[] access by badge to special areas.

25X1 15. Parangosky, in reply to a question, said that
access to the [] was on the same basis as it had
been to the OSA area at Langley.

25X1 16. Chamberlain had talked with [] on
brainwashing and put him in touch with the CI Staff. []
had told Chamberlain that TSD was charged with this respon-
sibility for the Agency. ADD said that the DD intended to
check with the DDCI who was acting as coordinator on the
brainwashing study.

25X1 17. Chamberlain noted the existence of a large group
under [] which is looking into the subject of inter-
national health. A smaller subgroup has been formed in an
effort to permit classified Agency contribution. The DCI
will likely receive a letter from [] requesting such
participation.

25X1 18. The DD joined the meeting, and [] briefed
on the proposed improved Contract Information System. There
was some discussion at the conclusion of which the DD said that
he would welcome suggestions as to how the usage of the system
might be improved. He stressed the need for the information
that this system would provide and asked for a constructive
attitude in its implementation.
